Life has been hard its had
its ups & downs yet, one must
journey on. Well Brandeis was a
school of ups & downs, trying hard
to pass and avoid all the uppity teachers
surely showed me & prepared me that was to come.
Yes, Brandeis prepared me then I struggle with a
Diploma declaring that I Charles Bennett had its
completed the required courses to Graduate. Yes I
plan to continue my education by going to college.
(C.C.N.Y. City College of New York) there I hope
to receive a Masters Degree in teaching. Yes, I
know there will be ups & downs there also
Realize that it will be hard and lots of studying
will be required but I'm determined to
make my life a success.

Thank you
Brandeis

With all my
Love,
Charles

Murray A. Cohn, Principal

PROLOGUE '71

This message is really an attempt to sum up the thrust of Brandeis High School, to express the point of view we think our graduates should take with them in their approach to life.

I read something recently which I think reflects our school better than anything I have ever seen elsewhere.

“He has achieved success who has lived well, laughed often, and loved much; who has gained the respect of intelligent men, and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of the earth’s beauty, or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.”

This is the ideal toward which our Brandeis community is striving.

Love, Peace, Where It's At

Like anyone
I'm a pioneer too.
I seek love,
I search people's faces
Hoping for a smile.

Funny,
How we sneer at each other

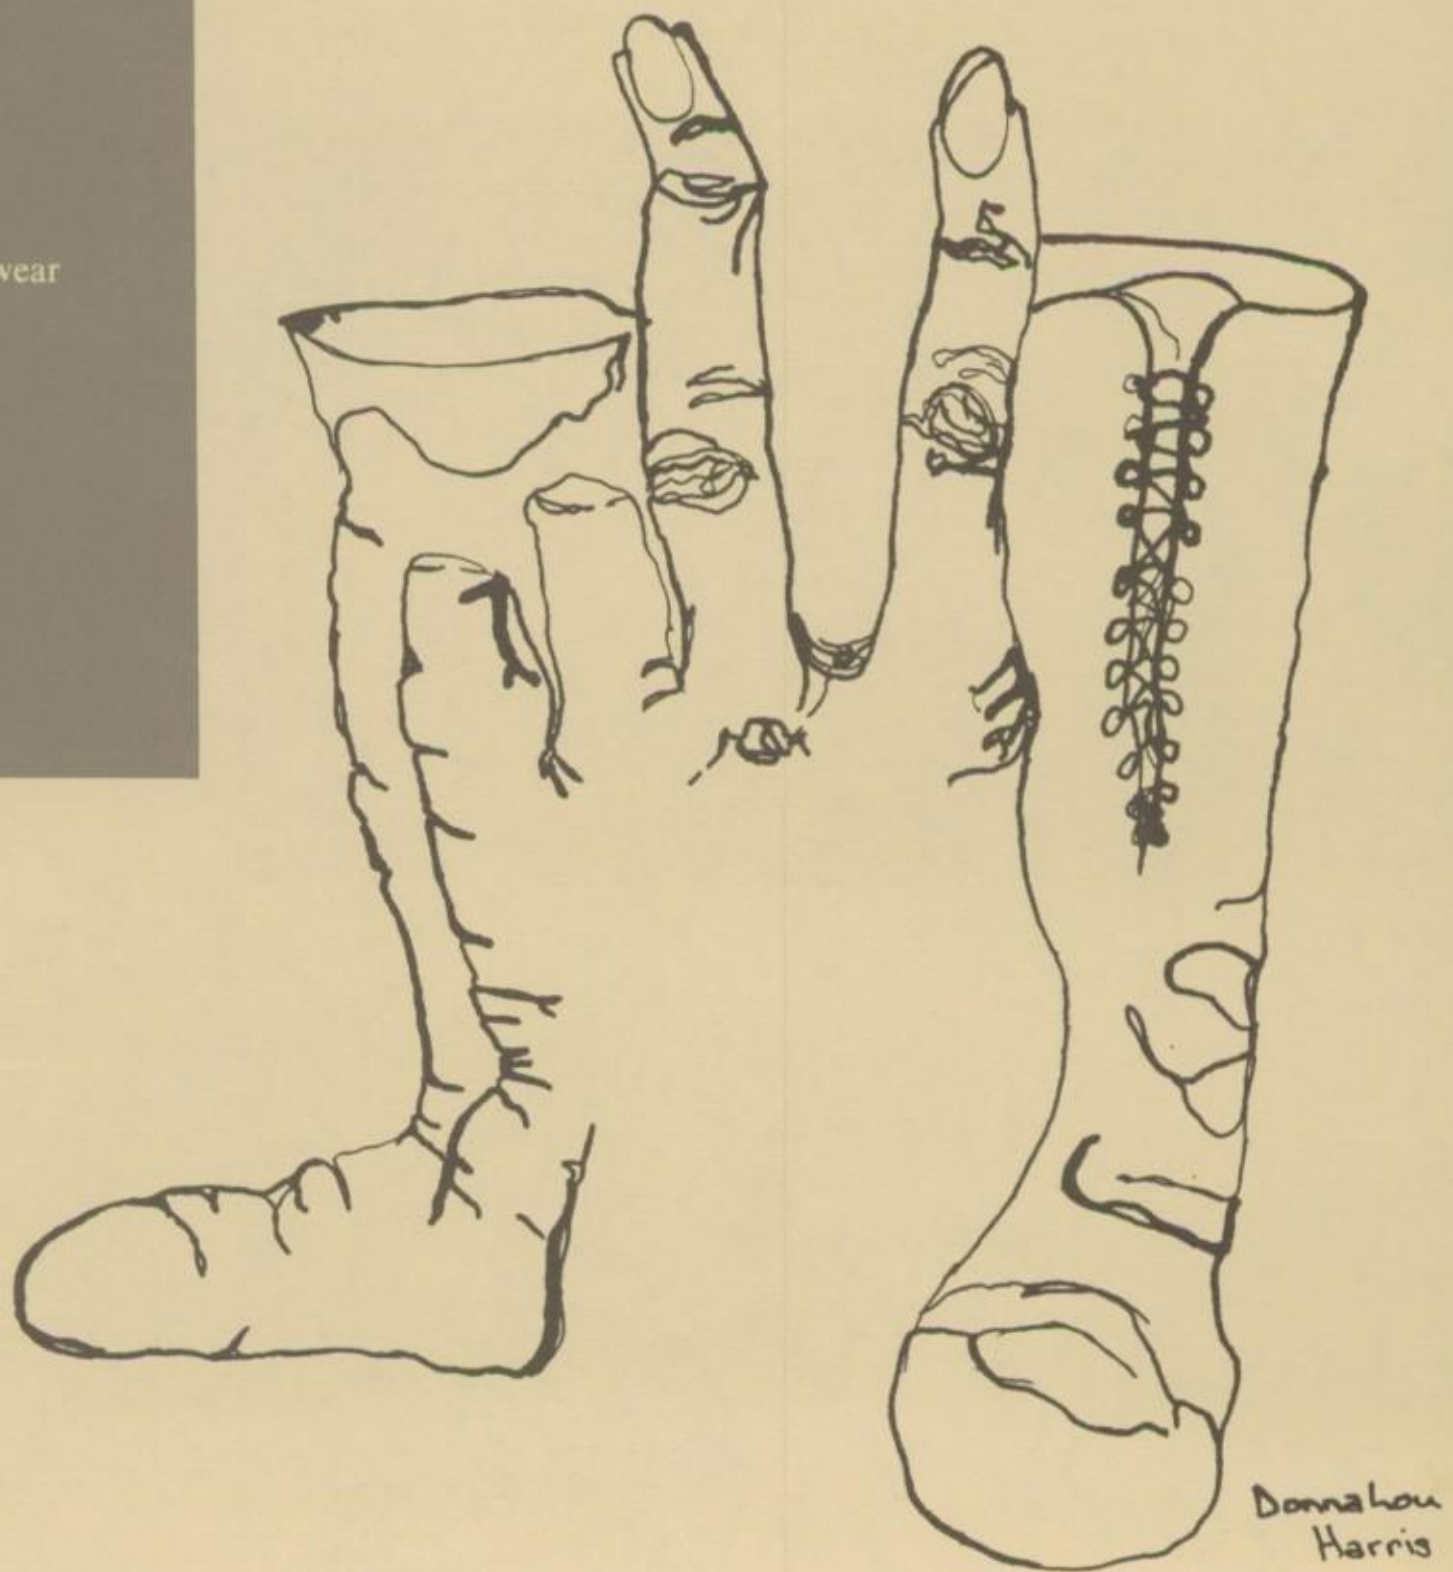

Comparing looks
And finding faults.

Sure we shout about love
And peace out loud
But really where is it?

Surely,
It's not in the ornaments we wear

That bear the
Peace and love signs.

To Charlene -

 Continue to be yourself +
 have fun in all you do.

 Desiree D. Francis

It's about time!

There's one thing that I'd like to say to all of you beautiful people who are graduating this year. I'm sorry we have to say good-bye and probably never see each other again, but I'm glad we can all say good-bye for the same reason. Not everyone gets to be in that elite group of high school graduates, especially those from the environments that most of us have come from. That makes all of you very special people. Say good-bye to everyone, even someone you've never said hello to. You've done the job, all of us have, and now it's time for it to all pay off.

I also want to thank you for having me as your Senior Class President, and Mai-Lan Suber (without whom I would never have survived) as Senior Class Vice-President. We enjoyed our jobs, and we hope we made this year a year to remember.

So — Good Luck and Best Wishes in whatever you do — you deserve it. We can't give up now — we must keep on keeping on. So that we can continue to continue on.

Let's change the belief that —

“A circle is perfect — but the world is not round”

Let's be each other — Let's try.

Love,
 Desiree D. Francis
